Re: Amended Notice of Intention to Commence Small Mining Operations, Snowflake 30-31/Snow Lite 2-3 Project, S/027/020, Millard County, Utah

Dear Mr. Rowley:

Thank you for forwarding the amended Notice of Intention to Commence Small Mining Operations for Loy Crapo's, Snowflake 30-31/Snow Lite 2-3 Project, located in Section 26, T23S, R9W, Millard County, Utah. Your agency's designated number for this project is UTU-070663.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. The Notice meets the requirements of Rule R647-3 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 40-8, et seq., of the Utah Mined Land Reclamation Act of 1975.

It is understood that your office, acting as "Lead Agency" will notify the operator accordingly. Please provide us with a final copy of your completeness letter to the operator.

When we received the original notice in 1990 for this operation, it listed V. Lee Oertle as the claimant and no operator was mentioned. We therefore, listed Mr. Oertle as the operator. With this amended notice listing Mr. Crapo as the operator, we will change the operator to reflect Loy D. Crapo as the responsible operator for this project.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/027/020 when forwarding additional information on this project to us.

Sincerely,

TRAVIS JONES
